

Dear Parent / Guardian,

I am your son or daughter's physics teacher this year. I look forward to guiding your student through this challenging, yet rewarding course.

Since most students have access to the Internet at home and school, I have established several ways for my students to communicate with each other and me. Your son or daughter should be able to contact someone in the class or find help on my web site at [www.MrFlint.com](http://www.MrFlint.com) . I can also be reached by e-mail at [chemtchr@yahoo.com](mailto:chemtchr@yahoo.com) and on AOL Instant Messenger at [ljflintstone](http://ljflintstone).

I promise to continually update the grade and attendance information at our new PowerSchool Parent Portal that you'll learn more about in the next few weeks. The Parent Portal allows you to see all student grades in all classes. Feel free to contact me by e-mail to discuss any concerns you have about grades.

If you have access to the World Wide Web then I invite you to visit our web site as well. It features our course schedule, links to other web sites and other pertinent information. There is a special section just for parents containing a wealth of information and you will also be able to see some of the interesting things that we are doing in class as the year progresses. Images of students hard at work also appear on the web site and I hope you will agree that it is one way we can reach out to our school community to show some of the great things that happen in our classrooms. If you wish that your student not be included in the web site then contact me directly within the first week of school.

Also take some time to review our course syllabus and the Chapter IV notification. The science faculty at Williamsport Area High School takes pride in maintaining a clean, comfortable, and safe laboratory environment.

Working together, we can make this a successful learning experience for your child. If you have any questions or concerns then please contact me by e-mail or by phone at school (323-8411 ext. 3330) or at my home in the evenings (323-8862).

Sincerely Yours,

Mr. Lawrence J. Flint
